The first Westphalian online auction for foals in 2022 came to an end this evening. The highly interesting lot included 27 Westphalian offspring. The first offer of the evening aroused the highest desires.

Already at the beginning of the bidding phase, the popularity of the Dynamic Dream/Zack son with the head number 1 became apparent. Dynamic Boy (breeder and exhibitor: Bruno Blome, Ahaus) kicked-off the Westphalian online auction season for foals this year with a strong type and lots of movement quality. He found his new home in the Netherlands at a hammer price of 17,500 Euros. His dam already presented a Fürstenball son at the 2018 foal auction, which was sold for 59,000 Euros.

In total, 18 of the 27 foals on offer changed hands this evening. With a total turnover of 137,500 euros, the international clientele invested an average of 7,639 euros. Five of the foals sold will start their journey abroad. "The start of our foal auction season was satisfactory. This was the first of over ten planned online foal auctions this year. Apart from the desire to achieve top prices, our focus stays also on being able to support as many breeders as possible in marketing their foals," sums up auction manager Thomas Münch.

The first Westphalian foals already changed owners last Saturday. During the foal auction at the Sudheim Outdoors in Brakel, eight foals with a jumping pedigree changed hands for an average price of 14,875 Euros. The next Westphalian Online Auction for foals is scheduled for May 16. The lot of the 20 interesting future stars can be viewed at onlineauction.westfalenpferde.de from May 2nd.
